- **Thanks, Josh. Appreciate your notifying DDOT of this concern.** Didn't want to call Gabe Klein again since I'd used a chit to get the SW Waterfront clear for the holiday weekend. **Get some rest.**

- **Thanks for the plowing service on Friday, Feb 12.** The front loader basket was crucial for clearing the compressed ICE and snow on Pickford PI NE. The road is now passable - though salt and or sand is definitely needed. Thanks. **Rene**

- Hello Josh,
-
- I hope you are recovering well from the series of storms. I wanted to just take minute to say “thank you” for getting DDOT out to Second Street on Monday to clear the packed snow. Your attention and willingness to get a job done is simply amazing. The management team here was in disbelief as we have never had that street plowed and never had such a quick response from the DC Government. You are truly an asset to not only the DC Government, but also to the citizens that live and work here.
-
- Thanks again,
-
- Dwayne

- Thanks, Alex and Josh! Feel free to swing through 631 10th Street NE if you are in the neighborhood and would like a cup of coffee or a baked good. Kathryn made cookies and cupcakes while snowed in, so we'd be glad to show our appreciation by sharing them with you. All the best, Phil

- Josh,
-
- **Thank you for responding to Ms Robey's email on the 1D Yahoo Group** about
- alley plowing. It appears that you are saying that some relief might be
- found for Walker Court residents.
